RANCH HORSE DIVISION

RANCH CONFORMATION

The purpose of ranch conformation is to present a well-mannered horse which reflects a positive combination of balance, structural correctness, and movement with appropriate breed and sex characteristics and adequate muscling. The ideal Ranch conformation horse should have a natural ranch horse appearance from head to tail. Horses are to be shown in a good working halter: rope, braided, nylon or plain leather. Horses may be shown in a leather lead shank with an attached chain either under or over the nose. Banding, braiding, hoof polish, tail extensions and trimming of ears are discouraged but will not be penalized.

RANCH RAIL OPEN

Horses competing in Ranch Rail class should reflect the versatility, attitude, and movement of a working horse. The horse's performance should simulate a horse riding outside the confines of an arena and that of a working ranch horse. This class should show the horse's ability to work at a forward and working speed while under control by the rider. Light contact should be rewarded, and horse shall not be shown on a full drape of reins. Allow posting and holding the saddle horn. The horses head position should be elevated and above the level at all gaits. The overall manners and responsiveness of the horse while performing the maneuver requirements, and the horse's quality of movement are the primary considerations. The class will be worked both directions of the arena.
